

540 - XT

Horizontal Microfinishing System

Impco
Microfinishing

GBQ Microfinishing Process: † Flexible machine † Dry Floor Guarding † 30+ installations worldwide

MACHINE OVERVIEW

Machine Summary

- High volume production
- Repair work
- Dedicated transmission parts
- PLC or CNC Controlled
- Maximum Part Length 525 mm
- Maximum Part Diameter 85 mm

Automation Configuration

- Automatic Load [XT]
- Can be Auto Load/Unload
 - Gantry
 - Robot

Electric and Pneumatic

Microfinishing Features

- Various Part Type Microfinishing
- Microfinishing Levels – GBQ I or GBQ II
- Oil Seal Diameter
- Optional Thrustwall Microfinishing

Microfinishing Components

- Outside Diameter Microfinishing
- Rotor shaft
- Input Shafts
- Printing Drums
- Pump Gears

Filtration System Available
